A \$40,000 Fire at the Bay-The Unloaded Pistol Gets In Its Work as Usual.

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

FORTY THOUSAND. Fire at the Bay. SAN FRANCISCO, July 24th.—[Special.]—A fire broke out at half-past I to-day in the center of the block bounded by Sansome, Sacramento, Commercial and Leidesdorff streets. It was first discovered in Fisher's pickle factory, at 509 Commercial street, and although the engines were quickly on the spot, the flames made such rapid headway as to endanger the entire block. commercial street, and although the engines were quickly on the snot, the flames made such rapid headway as to endanger the entire block. The four-story brick building at 405 Sansome street, occupied by Palmer & Rey's type foundry, was among the first the extending flames seized on, and they quickly enveloped that building. The fire then spread to the adjoining building on the corner of Sansome and Sacramento streets, occupied by the paper warehouse and printing establishment of Bonestill & Co. The upper floors of this building were occupied by J. R. Brodie & Co., printers. A general alarm having been turned in, all the engines got to work, and to such good purpose that what for a moment looked like an immense and disastrous conflagration was overcome.

Palmer & Rey carried a stock of \$100,000. Their losses are \$28,000; fully insured. Fisher's pickle factory loses \$12,000; fully covered by insurance. George W. McNab's theatrical printing establishment was slightly damaged, as was also Micado Cohen's cigar factory and Boyer's carpenter shop. The Coso Lodging-house, Bonestill & Co. and J. R. Brodie's losses are considerable, but are all covered by insurance. The total loss is about \$40,000.

THE OLD STORY. Young Englishman Fatally Shot while Toying with a Pistol.

[Copyright, 1887, by the California Associated Press.]
SANTA CRUZ, July 24th.—Frank J. Boyer, a young man about 25 years of age, who arrived in Santa Cruz about five months ago from England, received a fatal wound by the accidenta discharge of his pistol in his room about 10 o'clock. Shortly after his breakfast he repaired to his room, accompanied by G. W. Frost, Cashier of the City Bank. Boyer was toying with his pistol, when it was discharged, the ball entring his right cheek and penetrating to the brain. Local surgeons and United state Surgeon White, of the First Regiment, examined the wound and pronounced it fatal. Immediately after the shot Boyer said, in reply to a question, that he did not know the pistol was loaded. Boyer's family is a very wealthy and aristocratic one, his step-father being Admiral Lynge, of the British navy. Boyer is now lying in an unconscious state, and no hopes are entertained for his recovery. Copyright, 1887, by the California Associated Press.

TOO MUCH BOOM.

The Chinese Quarter of Los Angeles Effectually Cleaned Out. Copyright, 1887, by the California Associated Press. Los Angeles, July 24th.—This morning's fire in Chinatown spread until about twenty-five stores, with their contents, were totally destroyed. The work of the firemen was very slow, and it took them a long time to get streams of water of sufficient force to prove of any service on the burning buildings. The spread of the flames was checked about 3:30 this morning. The still smouldering ruins were visited to-day by thousands of people. The loss on buildings and contents run up to \$100,000. The insurance policies were canceled last Tuesday, so the loss will prove total.

No Chinaman was seriously injured, although a number had their hands severely burned while trying to save their property. Ah Joe was arrested and charged with arson, being caught in the act of setting fire to an idol-house. There were rumors that three opium-drunken Celestials had perished in the flames, but it cannot be verified. Los Angeles, July 24th .- This morning's fire

A BEER BOOM. The San Francisco Brewers Bring the Boycotters to Terms.

SAN FRANCISCO, July 24th.—[Special.]—The Brewers' Arbitration Committee met this afternoon. The meeting was a private one, and all press representatives were excluded. But it was learned after the adjournment that a contract was signed by the discharged employes by the terms of which they promised the master brewers that they would refrain from making any further disturbance if allowed to resume work. The attempted boycott on the Philadelphia and other brands of lager beer was abandoned.

He was able to speak yesterday, but would say nothing about the event whereby he received his frightful wounds, save "This is horrible." That he lives at all is most unusual. A man shot through the brain usually falls dead immediately, yet Atkinson is alive, has consciousness, and is not even paralyzed.

Dear Stra—I am most happy to render the following statement: I had been afflicted with dyspersia, and for a long time suffered its agonies, and had also much trouble from insomnia and dryness of the throat, the result of dyspersia. By chance I happened to drink a bottle of Elna Water and found it relieved me from the dryness of the throat. I continued its use and my dyspepsia left me, and I can now sleep as well as I ever did. I have recommended it to many of my acquaintances similarly afflicted, and they have experienced the same grateful results.

Medical-aid was at once called, and it is hoped that the hand can be saved, though it is a doubtful proposition.

The Sports Get Cinched. I take pleasure in certifying to the medicinal properties of the Ætna Mineral Waters. It is not from a mere cursory investigation, but after a year's constant use of the Ætna that I am convinced of its splendid remedial qualities. As a general regulator of the system it cannot be too highly praised. From my own personal experience I believe it will prove a blessing to those who use it.

English Waters.

London, July 23d.—The naval review has stepped into the shoes of the jubilee. Everybody in London has gone to see it, Parliament having risen early for that purpose last night. The railway stations of the lines leading south have been blocked since daylight with crowds of people. Special trains follow each other every few minutes. The weather is magnificent. Minister Phelps traveled in a special saloon coach. He was accompanied by his wife and Mrs. Lewis. In the same coach with the American Minister were Robert McLane, Minister to France; Jabez L. M. Curry, Minister to Spain; Henry White, Second Secretary of the American Legation at London, and his wife, and quite a large party of Americans, who enjoyed themselves hugely.

THE SCENE AT PORTSMOUTH THE SCENE AT PORTSMOUTH

Was one of extreme animation. Hundreds o private craft of all descriptions, all handsomely decorated and freighted with gaily dressed people, were anchored here. It looked like gigantic marine pienie. The Bonnie Doon ear ried scores of Americans. The crowds afioa and ashore were enormous. The final troop ships to leave with the guests were the two hug Indian liners from Southampton, which excited much admiration. They were quickly followed by others. Numerous large steamers afforded the general public an opportunity to witness the review from the sea.

The war ships were drawn up It four lines, forming up the Channel, the star board column being opposite the Isle of Wight and the port column being off Portsmouth. GALA SCENES.

PORTSMOUTH, July 23d.—Portsmouth and Southeea have been througed for days in inficipation of the jubilee naval review fixed for this afternoon at Spithead. The crowds have been immensely augmented this morning by the arrival of iunumerable visitors from all parts of the country, who came by special trains from London and other centers. Good positions for observing the display are all well occupied. The weather could not be more favorable. There is a bright sun, and a light breeze is blowing. The whole scene surveyed just before 2 o'clock when the naval vessels were all in place, their decorations fully flung, and their crews in holiday pose, the prviate craft hurrying to good places and the multitude ashore packing themselves to see the event of the day, was glorious in the extreme. Probably no such fleet was ever seen before. Nelson's old ship, "Victory," was a conspicuous object, and har cin nu's received again and again, as boat after boat passed her, the full complement of cheering. More than that, the old boat mounted a gun or two and joined in the salute to the Queen.

The Queen left Osborne Louise a few minutes before 3, and went abourd the royal yacht Victoria and Albert, she was preceded by Trinity yacht and Alberta and the ships Enchantress, Helicon, Euphrates, Crocodile and Walaber. The procession proceeded straight to its destination and passed between the lines, leaving the coast defense ships, guns and torpedo boats on the port hand. Chicago, July 24th.—The following crop summary will be printed in this week's edition of the Farmers' Review: While local rains in some localities have come in the nick of time to keep the corn crop, our reports this week indicate that drought has lowered the average condition of the crop in almost all the States. Reports of the winter wheat yield in different States, according to statements by our correspondents, is as follows: Sixteen counties in Illinois have an average of 16% bushels, 10 Indiana counties 16 2-5 bushels, 10 counties in Missouri 19½ bushels, 14 counties in Ohio 15½ bushels, and 11 Kansas counties 14 bushels. The average condition of spring wheat in the different States is as follows: Eleven counties in Iowa report an average of 65 per cent. Floyd and Buchanan counties report a total destruction of the crop by chinch bugs, and more or less damage has been done by these insects in Allamakee. Brewer, Dubuque, Franklin, Ida, Keokuk and Palo Aito counties. Eight Minnesota counties report the average condition of their spring wheat crop at 77 per cent. Damage by chinch bugs, has been done in Anoka, Benton, Dodge, Scott and Washington counties, and Wadena counties. Nine counties in Nebraska report an average condition for the crop of 94 per cent. Some damage has been done by buss report an average condition for the crop of 9 per cent. Some damage has been done by bugs and drought. Six Wisconsin counties report their average as low as 53.3 per cent., damage by chiuch bugs having been sovere. Eight counties in Dakota place the average condition at 93 per cent. and there are no complaints of damage by insects.

On Friday night an attempt was to have been made to lynch him, but the Sheriff having been forewarned, the mob was dispersed by the militia. It was supposed to have been the end of the matter, and therefore the citizens were rather surprised when it was learned and an opening was made in the floor, through the properties of the mobentered and the properties of the grant and the properties of the courty and and ope fastened round his neck. SUFFERING COLONISTS, The Topolobampo Boomers Struggling

Towards Home. BENSON, July 24th.—The first through train over the New Mexico and Arizona Railroad since the 13th inst. arrived here this evening with a heavy load of passengers, mail and express. The road is now in good condition, and trains will run on time hereafter.

Among the arrivals this evening was another batch of Topolobampo colonists on their way back to Denver. They were delayed at Gnaymas a week by washouts, and being in rather straightened circumstances the delay has caused them considerable trouble. Their story of the doings at Topolobampo need not be told, as it is only a repetition of what has already been published. Since the warm weather set in there has been more sickness among the colonists than during the winter, and there is a constant dread of yellow fever, which disease generally visits that locality every summer. parts of Massachusetts

When there is failure of substantial justice through misuse of the jury system, it is popular to assail the system itself as at its mismanagement is due only to administrators of the law. That Sacramento county is gaining an unenviable notoriety abroad for failure of juries to convict is not to be denied. It is notorious that our juries defy instructions and the law, and will feel his death to be a severe blow while discharging the defendant to ex- The State has lost, but that community has lost more, and will mourn his untimely

The thing has gone too far. It must be made possible to hunt professional jurymen, the weak the vicious, out of the panels; it must be possible to secure from our Supervisors lists of citizens whose names will put the verdicts of juries drawn from them beyond reproach. If it is true that the lists as made up are open to the suspicion of being selected with a view to probable verdicts of acquittal, then there must be such radical reform that the suspicion will hereafter have no possible foot to stand upon. If it is true that the ballots can be manipulated-by reason of chosen ones being secured by a bit of adhesive mixor by peculiarly folded ballots sensible discrimination by touch-that any given name can be drawn at will, the the whole machinery of the drawing must be revolutionized, and the agents that make corruption easy, got so far out of the way that the community will utterly lose sight of them as factors in the judicial sys-

good moral character, etc.

It has been the custom of the Supervisors, instead of making their selections in open Board, to delegate the selection of 80 names to each of the five members, 400 being the total. That these selections have been carelessly made has been strated repeatedly. Of the fifty last drawn from the box, six were not on the assessnent roll, and the name of one fortunate ndividual was dug out three times, and while serving on a civil case in one department his name was called each morning in the other. The Judges at every drawing from the large box have complained from the bench of the number of jurors whose names ap-pear and who are exempt by reason of being officers, exempt firemen or non-tax-payers, and the expense of per diem and mileage for these jurors who never serve forms a very considerable item. That there are men in this State who are jury-brokers, go-betweens, and that we have a delegation of them in Sacramento s borne out by the results of criminal trials and in civil cases, and by the whole line of facts cited. TATE OF CALIFORNIA, COUNTY OF SACramento, ss. In the Superior Court in and
for said county. The People of the State of
California to J. H. MURPHY, greeting: dence of such criminality; but there is evidence, as has been cited, of carelessness of a gross order; it is also true that they may be imposed upon, and by importunity be led to make up inferior lists without contemplating fraud; so, too, they may be "used" by jury brokers and bosses adroitly to secure the listing of jurors, and be really ignorant of the use that has been made of them.

was commenced in the Superior Court of the county of Sacramento, State aforesaid, by filing a complaint in the Clerk's office of said Court, on the 22d day of JULY, 1887, in which are defendant. That the general nature of the action, as appears from said complaint, is as follows: To obtain a decree of this Court dissolving the bonds of matrimony now existing between plaintiff and defendant, upon the ground of willful neglect and failure to provide the county of Sacramento, State aforesaid, by filing a complaint in the Clerk's office of said Court, on the 22d day of JULY, 1887, in which are defendant. That the general nature of the solving the bonds of matrimony now existing between plaintiff and defendant, upon the ground of willful neglect and failure to provide the county of Sacramento, State aforesaid, by filing a complaint in the Clerk's office of said Court, on the 22d day of JULY, 1887, in which are defendant. That the general nature of the solving the bonds of matrimony now existing between plaintiff and defendant, upon the ground of willful neglect and failure to provide ground of willful neglect and failure to provide the common necessaries of life, all of which is more fully set forth in the complaint on file herein, reference to which is hereby made. And you are hereby directed to appear and answer said complaint within ten days from the service of this writ, exclusive of the day of service, if served on you in said county of Sacramento; and within thirty days, exclusive of the day of service, if served elsewhere. And you are further notified that unless you so appear and answer within the time above specified the plaintiff will apply to the Court for the relief prayed for in the complaint on file herein.

In testimony whereof, I, Wm. B. Hamilton, Clerk of the Court aforesaid, do hereunto set my hand and affix the seal of said Court, this 22d day of JULY, A. D. 1887.

GENERAL NOTICES.

Hay Fever is an inflamed condition of the lining membrane of the nostrils, tear-ducts and throat, affecting the lungs. An acrid mucus is secreted, the discharge is accompanied with a burning sensation. There are severe spasms of sneezing, frequent attacks of headache, watery and inflamed eyes. Ely's Cream Balm is a remedy that can be depended upon to quickly relieve and cure. 50 cents at druggists; by mail, registered, 61 cents. Ely Bros., 235 Greenwich street, New York.

Advice to Mothers.—Mrs. Winslow' OOTHING SYRUP should always be used when hildren are cutting teeth. It relieves the little children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoza, whether arising from teething or other causes. Twenty-five cents a bottle.

LOCAL INTELLIGENCE.

She Has Two Guardians Now. Saturday morning Miss Mamie Harvey, a resident of Franklin, 17 years of age, on called balls, and went to third on Lorririor Court, and asked that he issue an order of Court making Supervisor George Incell home, Donahue going to third on a O. Bates her legal guardian. She said she passed hall Sweeney batted O'Day on had no parents, and desired some one to whom she could look to for advice and protection. The order was issued, as requested, and the guardian and his charge left the Court-room, the latter in high glee, her face wreathed with smiles. Shortly afterwards the Judge left the Court-room and entered his chambers. He had hardly closed the door when there was a light rap, and he called out, "Walk in."
The guardian and his newly-adopted entered, as did also a tall, bashful-looking youth, whom the Supervisor introduced to the Court as his son, Grant E. Bates. When the Judge shook hands he congratulated the youth upon the acquisition t the family, remarking, "Nice little sister." The youth colored, the maiden blushed, and the father and guardian proceeded to elucidate matters by stating that the "two desired to be made one." The girl, being under age, could not be married unless some one was authorized to give legal consent. He said: "Judge, you overcame that little difficulty a moment ago in Court. I am now able to give consent on both sides, and want you to perform the marriage act. You have commenced the business and might as well finish it." The Judge "tumbled;" he stood the boy and girl up and tied Hymen's knot after the latest and most approved fashion, and the young couple worked forth-

A Collision .-- About 6 P. M. Saturday a collision occurred at Eleventh street, on der value in our semi-annual saie. Red the north levee, in this city, between a fruit train just starting for the East and a work train coming from the American river bridge. The latter consisted of four flat cars and locomotive. There is quite a strong curve at the point where the collision occurred, which prevented the engineers seeing the approaching trains until the engines were almost to geiher, and they came together with ter-rific force. Wm. Coveny, an employe on the bridge, suffered a fracture of the jaw, and was otherwise injured. Peter Ayers was also bruised considerably, but there were no other casualties. Both engines were badly used up, and also some of the flat cars. The fruit train was delayed about
